

# ***EstimatorXpress<sup>®</sup>***

## ***Technical Specifications***

Team up with EstimatorXpress, the industry standard for estimating software and let us help you win more business. We've created a system that will estimate any building job of any size and give you the tools to know exactly where your money is going and how much profit you're going to make.

It couldn't be easier with simple onscreen drawings to input dimensions. It costs the lot with 100% accuracy – all your materials, labour, plant and subbies – giving you a professional quote and a well-earned profit.

\* Included within additional EstimatorXpress Bonus Packs which can be purchased for £50 + VAT each and attached to EstimatorXpress Total Toolkit edition or Lite edition, or shipped as standard with the EstimatorXpress Ultimate pack.

† Only available with EstimatorXpress Plumbing & Heating Trade edition. We find that most builders don't need or want an entire plumbing estimating system. The 'basic' plumbing and subcontract quotation workbooks are adequate for general builders. Plumbers, Heating Engineers and Builders who do their own plumbing works are encouraged to purchase EstimatorXpress Plumbing & Heating Trade edition.

## Comprehensive A-Z List of Estimating Calculators

Estimating your building work is just so straightforward with EstimatorXpress. Simply enter your dimensions into easy to understand pictures of what you are building – and it does the rest! EstimatorXpress comes with hundreds of estimating calculators which we call Workbooks.

The following calculators are available as standard with the following EstimatorXpress editions:

- EstimatorXpress Ultimate pack
- EstimatorXpress Total Toolkit edition
- EstimatorXpress Lite edition
- EstimatorXpress Self Build annual edition

### A

Job Type	Workbook Name
Attic	Attic Shaped Wall Finishing
Attic	Clad Dormer Walls For Flat Roof
Attic	Clad Dormer Walls For Hip Roof
Attic	Clad Dormer Walls For Slope Roof

## Price Book

EstimatorXpress comes shipped with over 1000 resources covering materials, labour and plant, so you don't have to build up a Price Book from scratch. Plus you have 3 other options:

1. Connect to YOUR live merchant prices (including your own terms & discounts)
2. Connect to Price Tracker™ for live material prices from HBXL
3. Create your own resources from scratch

### 1. Connect to YOUR live merchant prices...

Unique to EstimatorXpress link your software to one of our many merchant partners and put latest materials costs at your fingertips - accurately and instantly!

For just £25 + VAT for a full 12 months, opt to link to an online catalogue from one of our leading builders merchant

Link to your Travis Perkins Trade Account	£25 ex VAT p.a.
Link to your Jewson Trade Account	£25 ex VAT p.a.
Link to your Keyline Trade Account	£25 ex VAT p.a.
Link to your Graham Trade Account	£25 ex VAT p.a.
Link to AW Champion timber merchant	£25 ex VAT p.a.
Link to TBS builders merchant	£25 ex VAT p.a.
Link to Builderwarehouse	FREE!

### 2. Connect to Price Tracker™...

Our exclusive Price Tracker internet technology links you to real world material rates to keep your estimates up-to-date.

### 3. Create your own resources from scratch...

You can create your own priced libraries of building materials quickly and easily plus there are fully customisable labour and plant rates too.

## Specification

EstimatorXpress' unique specification system comes shipped with 4 standard setups for Home Extensions, New Build, Timber Frame Construction and Renovation to reflect the different rates from the differing types of work you carry out.

---

## Build Program

Get organised. Easily produce professional, full colour build programs with EstimatorXpress to ensure contractors are on site, on time, as well as impressing clients and the bank! Update your build program and all your reports will automatically be updated without you having to retype a thing!

EstimatorXpress comes as standard with the following Build Programs but you can create your own quickly and easily and then save them for when similar work comes a long in the future.

## Customer Quotation

Sure to win you the business, EstimatorXpress Total Toolkit edition, the EstimatorXpress Ultimate pack and EstimatorXpress Plumbing & Heating Trade edition all include a customer quotation which includes a professional covering letter and your logo. EstimatorXpress automatically writes up an impressive quote in Microsoft® Word - without you having to type a thing!

The Quote Wizard shows as much or as little detail as you want with an option to put images on the quote. There are 3 basic templates to start from:

- 1) Basic quote (Phase descriptions with price showing at the end of the job)

Customer Quote Features	Lite edition	Total Toolkit edition	Ultimate pack	Self Build edition	Plumbing & Heating Trade edition
Insert your Logo or print on your letter-head		•	•		•
Full customisable Letter text		•	•		•
Full customisable Terms & Conditions text		•	•		•
Show or hide pictures with each build phase		•	•		•
Show or hide phase cost totals		•	•		•
Include or exclude VAT		•	•		•
Provide labour only quote option		•	•		•

## Profit Settings

Adjust the profit margin that you want at any time during the estimating process. HBXL customers are proven to sell more jobs despite increased profitability simply because their estimates are complete and properly presented.

## VAT Settings

VAT can be easily adjusted to accommodate New Build, Renovations, Extension etc. and any changes in VAT rates.

## System Requirements

\* EstimatorXpress uses Microsoft Excel in the background as its database. You therefore require Microsoft Excel on your computer.

± EstimatorXpress uses Microsoft Word to produce the Customer Quotes. To print Customer Quotes you must therefore have Microsoft Word on your computer.

### MAC Users

All our software will work on Mac assuming you have BOOTCAMP which is part of your Mac operating system combined with Windows Vista and Microsoft Office (Word & Excel essential!)
